

# A COMPLETE HEALTH SYSTEM

Get better absorption of nutrients and supplements.

Detoxifies your water to an unsurpassed degree; bacteria, poisons, chlorine, chloramine, fluoride, heavy metals, volatile organics, trihalomethanes, arsenic...

The first water natural water ionizer laboratory tested to infuse amounts of beneficial H<sub>2</sub> hydrogen gas infusion. (Almost 4 times the H<sub>2</sub> of a \$4000 electric water ionizer)

UltraStream also infuses beneficial magnesium; something impossible in an electric system. We all need magnesium and it's absorbed better in water than food.

**"Delicious convenient alkalised water straight from the tap, no need to say anything more"**

Julian (verified owner)

**"I've been drinking this water for a year now and it's certainly been the healthiest, happiest, strongest year of my life so far!"**

Keegan Smith,  
Head of Strength and Power with 2013 NRL  
Premiers - Sydney Roosters

AU University tested, EU Safety certified.

Easy to use, maintain and install.

The UltraStream can be attached to your tap or cold water line in minutes. It can also be easily installed undersink when combined with an undersink kit with our special vented faucet (sold separately).

## ALKAWAY

The ultimate way to good health.

As the world's leading alkaline hydrogen specialists, AlkaWay brings over 20 years experience to every product that carries our name.

 **ALKAWAY**  
THE ALKALINE WATER SPECIALISTS

 **ALKAWAY**  
**ultrastream**<sup>®</sup>  
Next generation natural  
alkaline water filter system.

## The easiest way to better health through pure water

### It's a water filter

With the best filtration media in the world. All media tested and approved. University tested for the life of the filter; 3000 litres.

### It's an antioxidant producer

Supplying 'on tap' antioxidant negative ions in every glass.

### It's a natural water alkalizer

Donating beneficial magnesium and calcium in the best, most available liquid form.

### It's a hydrogen infusing system

Makes hydrogen-rich water. Hydrogen has over 1000+ scientific studies indicating its beneficial effects over a huge range of health conditions.

- At purchase, cost is 23c per litre. On filter change 9c per litre.\*
- 3 Year Warranty, conditions apply.
- No electricity and wastes no water.
- You'll just love the silken smooth taste!
- Designed in Australia and made in the USA.
- Easy filter replacement.

Two colour schemes available to suit any kitchen

Porcelain White & Black and Stainless Steel

\* calculation based on 3000 litres.

It's not just what **UltraStream** takes out, it's what it puts in that makes it so powerful!

### UltraStream takes out...

More harmful contaminants than ionizers ten times the price, including bacteria, pathogens, pesticides, heavy metals and fluoride as well as unpleasant chemical tastes and odours such as chlorine.

**Pesticides - 99.99%**

**Chloramines & Chlorine - 99%**

**Heavy Metals - 98%**

**Fluoride - 80%**

### UltraStream puts in...

All the pH balancing alkalinity, energy-activating ions and free-radical removing anti-oxidants your body needs for ultimate health in a completely natural, bio-ceramic way.

**Hydrogen Gas - 10,000 times**

**pH - 1,000 times**

**Magnesium - 2.4 times**

**Calcium - 1.7 times**

Filter Comparison			Removes or reduces;
Standard filter	Bottled water	UltraStream	
✓	✓	✓	Chlorine
✗	✗	✓	Fluoride
✗	✗	✓	Heavy Metals (Lead, Mercury, Arsenic, etc.)
✓	✗	✓	Microplastics
✗	✗	✓	PFOS (PFAS, PFOA and PFNA)
✗	✗	✓	Chloramines
✓	✓	✓	VOC's (Volatile Organic Compounds)
✗	✗	✓	Pharmaceutical Residues
✗	✗	✓	BPA (Plasticizers and EDs)
✗	✓	✓	Viruses (Polio, Rotavirus, Norovirus, etc.)
✗	✓	✓	Bacteria (E Coli, Legionella, Pseudomonas, etc.)
✗	✓	✓	Cysts (Giardia, Cryptosporidium, etc.)
✓	✓	✓	Bad Taste & Odour
✓	✓	✓	Pesticides (Wide Spectrum)

Relative removal results, see website for full details.

## How UltraStream works

UltraStream's unique, scientifically-proven technology incorporates no less than 10 layers of NSF approved filtration and energising media working in unison to deliver ultimate water purity and ultimate water empowerment.

#### Granular Activated Carbon (GAC)

Softens and conditions the water to produce great tasting water.

#### Magnetic Water Conditioner

A special ceramic magnet is used to stabilize and soften the water.

#### Crystal Quartz

Softens your water, stabilizes alkalinity and imparts the UltraStream signature mountain stream taste experience.

#### O-Dobi Beads

Patented alkalizing and ionizing media. Increase alkalinity, create negative ORP, add magnesium and calcium. Infuse water with molecular hydrogen.

#### Tourmaline

Energizes and softens water with Far InfraRed energy.

#### FAR Infrared Ceramic Beads

Natural far infrared ceramic beads have been shown to be beneficial for health and wellbeing. They slowly release zinc, iodine, selenium and other essential trace minerals into the water.

#### Catalytic Carbon (CC)

Catalytic carbon has several advantages over traditional carbon such as better chlorine/chloramines capacity. It is an excellent option for filtering carcinogens, chlorine, chloramines, THMs, H<sub>2</sub>S and other contaminants in the water.

#### Fluoride Adsorption Barrier

A ceramic compound with an extremely high surface area and pore distribution giving this media the highest possible capacity for fluoride adsorption.

#### Zeolite Ceramic Balls

Water adsorption and purification media. Removes ammonia smell, organic pollutants, reduces heavy metal, fluorine and softens the water.

#### Virus Guardian

Cutting edge filtration technology removes submicron pathogens and inorganic contaminants through electro-adhesion and ion exchange.

Water flow
